C O P E N H A G E N

Normann Copenhagen is a Danish design company with the mission to create original, bold and eye-catching products in a simple and contemporary design that withstands the test of time. Or in other words, to challenge conventional thinking and make the ordinary extraordinary through great and innovative design.

The collection consists of a wide and ever growing selection of award-winning furniture, lighting, textile and home accessories.

THE LIGHTING COLLECTION

Lighting was where it all started. The very first product launched under the name Normann Copenhagen was the iconic Norm 69 self-assembly lamp, and for more than 15 years we have worked with skilled designers to create superb lighting designs.

Today, we have a wide selection of styles that can accommodate lighting needs of both commercial projects and private homes. Ranging from sculptural eye-catchers to versatile classics, the lighting collection offers table lamps, pendants, wall lamps, chandeliers and floor lamps for the living room, bedroom, office space, lobby, restaurant and much more.

Besides form, material and color choices, the way the light underlines the interior setting is just as important to us. We strive to create inviting and edifying lighting atmospheres that make you feel at home and at ease, wherever you are.

Discover our lighting collection!

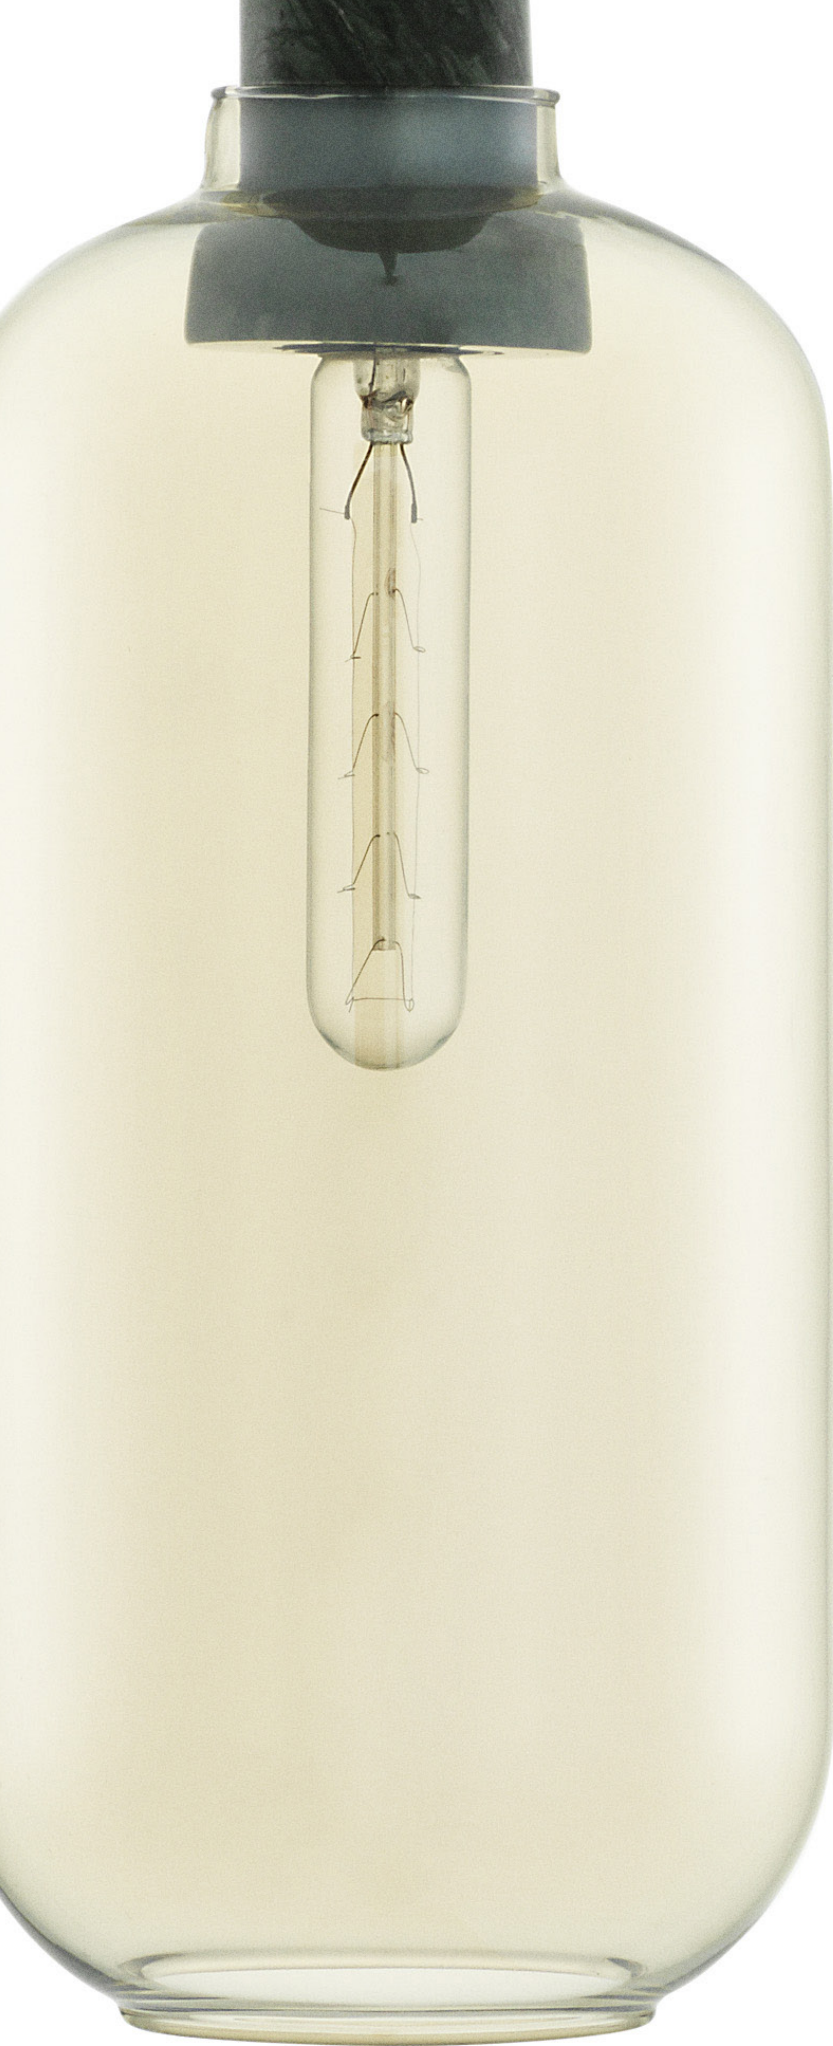

AMP PENDANT

Simon Legald has designed a sophisticated range of lamps called Amp. The idea for the lamps came to him when he was restoring an old 1960's radio at home. The tube amplifier from the old radio inspired him to create the simple oval shape, just as the name Amp refers to the English term: tube amplifier. Amp has a nostalgic and at the same time, contemporary feel.

Design by Simon Legald

SPECIFICATIONS

Size:

Small / H: 26 x Ø: 11,2 cm

Large / H: 17 x Ø: 14 cm

Material:

Glass, Marble

Light Source:

EU E14 0,5W bulbs (LED).

US E12 0,5W (LED).

Bulbs can be purchased separately.

Cords and switches:

The pendants are provided with a 4 meter long textile cord in matching colors and a ceiling canopy.

AMP TABLE LAMP

Amp is characterized by its high-quality materials of glass and marble that add a visual fragility and sensuous heaviness. The designer has visually highlighted the way the delicate shade rests on the socket. The decorative bulb emits a stunning glow through the colored glass lampshades and produces a beautiful and atmospheric light.

Design by Simon Legald

SPECIFICATIONS

Size:

H: 26,5 x Ø: 14 cm

Material:

Glass, Marble

Light Source:

EU E14 0,5W bulbs (LED).

Bulbs can be purchased separately.

Cords and switches:

The lamps are provided with a 2 meter long textile cord in matching colors with a switch.

AMP CHANDELIER

The show-stopping Amp chandelier is built up around a central steel cylinder, from which small arms grow out to form a voluminous oval shape. Each arm is crowned by a miniature version of the Amp table lamp, which by virtue of repetition breathes life into a sculptural and dramatic lamp. The characteristic lampshades are illuminated by recessed LED bulbs, creating an impressive play of light when gathered in the chandelier.

Design by Simon Legald

SPECIFICATIONS

Size:

Small / H: 32,5 x Ø: 62,5 cm

Large / H: 62,5 x Ø: 85 cm

Material:

Glass, Marble

Light Source:

EU E14 0,5W bulbs (LED).

US E12 0,5W (LED).

Bulbs can be purchased separately.

Cords and switches:

The chandeliers are provided with a 4 meter long textile cord in matching colors and a ceiling canopy.

BELL

The Bell lamp gets its name from its characteristic bell shape. It has a simple design, but makes its mark with its eye-catching fixture, which forms a central part of the design. The white inner side reflects the light, which falls like a cone and provides good lighting over the dining table, for example.

Design by Andreas Lund and Jacob Rudbeck

SPECIFICATIONS

Size:

X-Small / H: 23 x Ø: 22 cm

Small / H: 37 x Ø: 35 cm

Medium / H: 44 x Ø: 42 cm

Large / H: 57 x Ø: 55 cm

Material:

Aluminum

Light Source:

EU & CCC:

X-Small: G9 Halogen (included).

20 Watt bulbs are recommended.

Other sizes: E27 (big socket).

Low-energy 9 Watt bulbs are recommended.

US:

X-Small: G9 Halogen (included).

20 Watt bulbs are recommended.

Other sizes: US E26 (big socket).

Low-energy 9 Watt bulbs are recommended.

Cords and switches:

Bell lamps in white and black have matching cords and canopies.

Bell lamp in sand has a brown cord and white canopy.

Bell lamp in grey has a black cord and black canopy.

All Bell lamps are delivered with a 4 meter textile cord.

IKONO

The beautiful Ikono pendant lamp is based on the Danish lighting tradition, but the designer has stripped the design down to its essence and eliminated any unnecessary components and screws. This gives Ikono both a soft and graphic feel. The lamp is made up of a cone-shaped glass cylinder and two colored steel shades in matching tones, which rest on the glass. The light is directed by the top shade while the lower shade ensures anti-dazzle.

Design by Simon Legald

SPECIFICATIONS

Size:

Small / H: 17 x Ø: 20 cm
Large / H: 30 x Ø: 45 cm

Material:

Glass, Steel

Light Source:

Small: EU G9 Halogen (included).
20 Watt bulbs are recommended.
Large: EU E27 (big socket).
Low-energy 9 Watt bulbs are recommended.

Cords and switches:

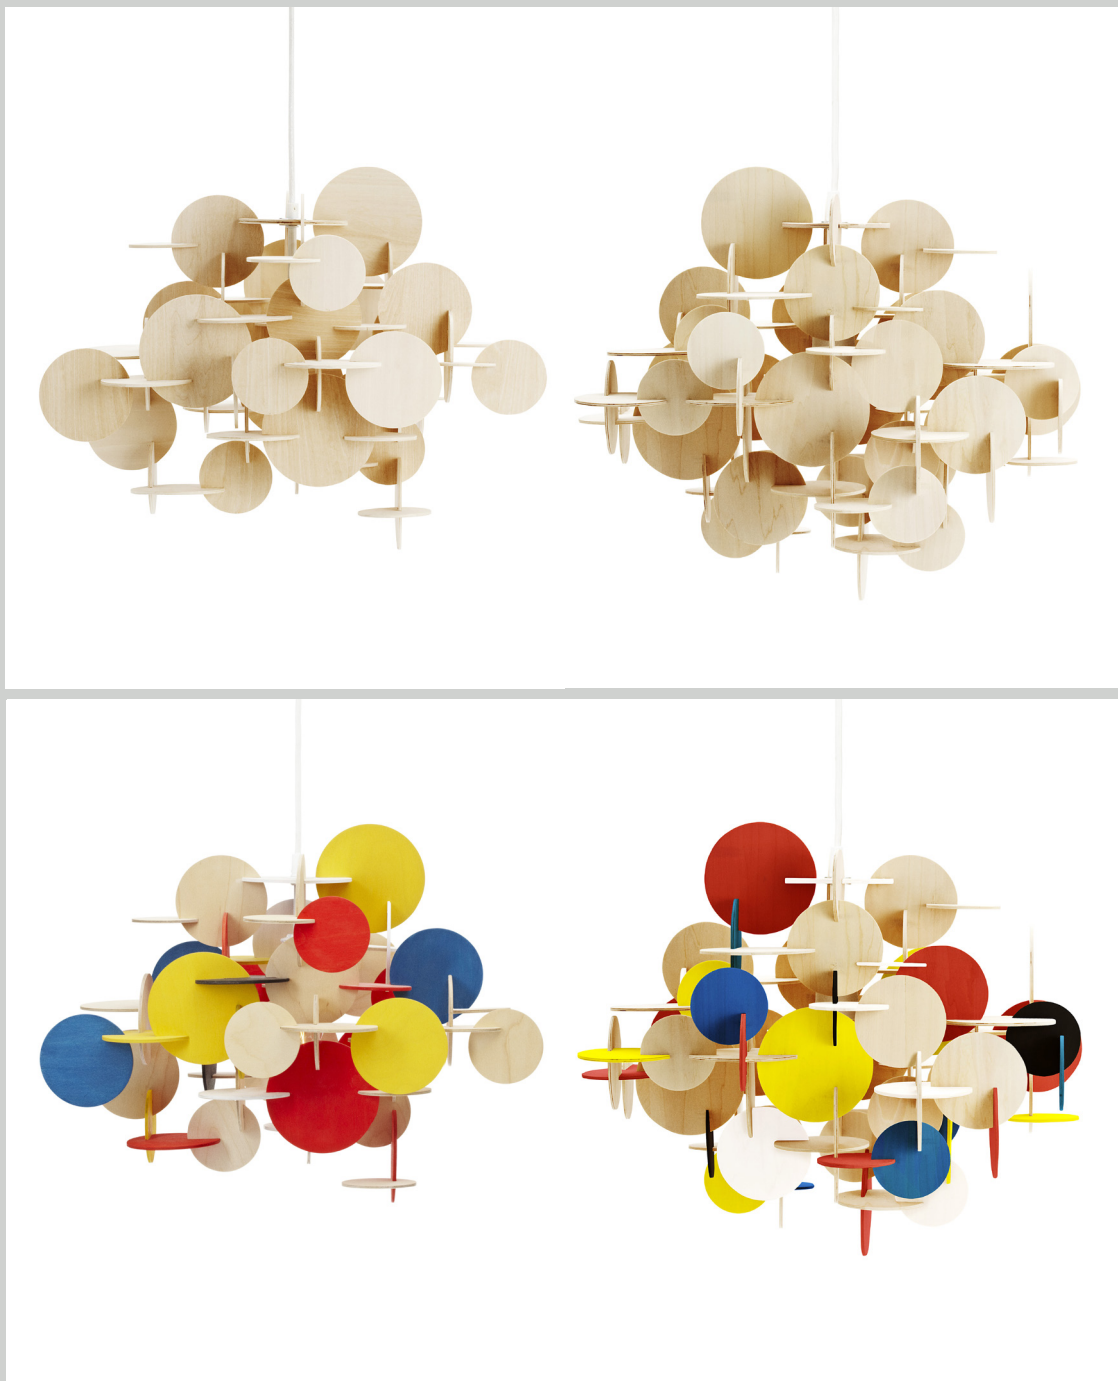

Delivered with a 4 meter textile cord
and fitting in a matching color.
A white ceiling canopy is included.

BAU

In German, Bau means construction, and it is exactly the Bau lamp's construction that creates its intriguing expression of harmonious disharmonics. The sculptural design is based on interlocking circles, sticking out in all directions. The pattern of the Bau lamp is broken up by the discs' colors, sizes and off-center linkages, making the lamp living and organic in its appearance.

Design by Vibeke Fonnesberg Schmidt

SPECIFICATIONS

Size:

Small / H: 44 x L: 57,5 cm

Large / H: 51 x L: 57 cm

Material:

Veneer

Light Source:

EU E27 (big socket).

Low-energy 9 Watt bulbs are recommended.

Cords and switches:

Bau lamp is a self-assembly lamp.

Assembly manual included.

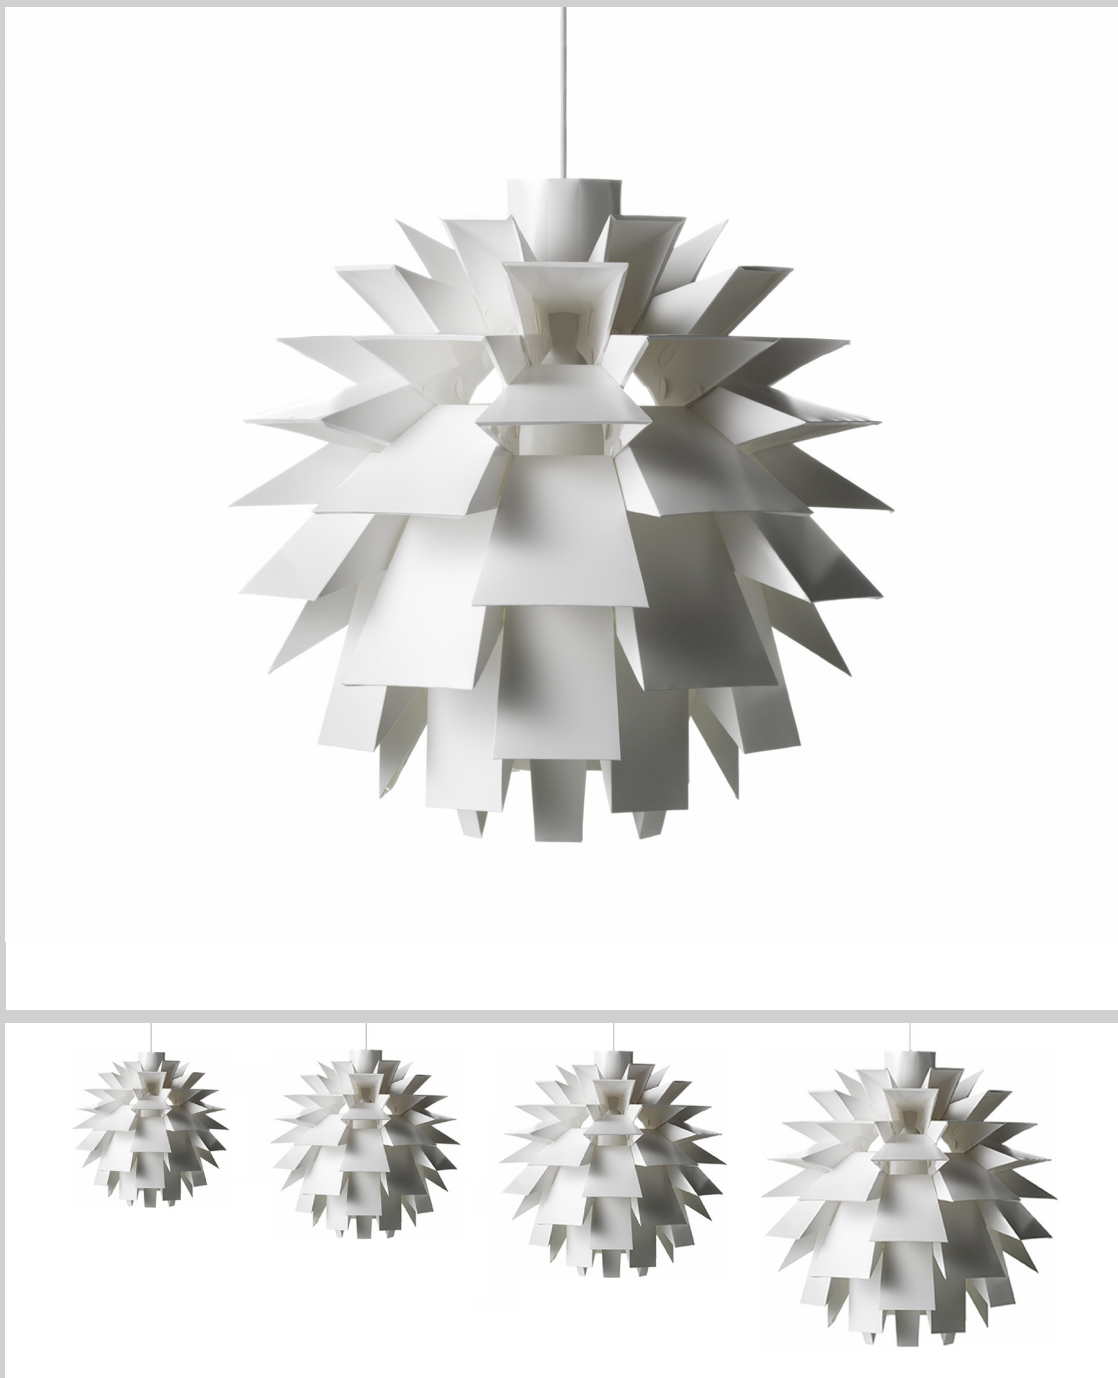

Delivered with a 4 meter white textile cord and fitting.

NORM 69

In 1969, Simon Karkov designed his visionary, futuristic lamp, which consists of 69 parts. Norm 69 is a strong and flexible lamp that fully utilises the light effect without causing glare. It can withstand excessive temperature swings and can be put together without tools or glue. This success is attributable to the lamp's aesthetic and characteristic design, which looks attractive in any home.

Design by Simon Karkov

SPECIFICATIONS

Size:

Small / H: 42 x Ø: 42 cm
Large / H: 51 x Ø: 51 cm
X-Large / H: 60 x Ø: 60 cm
XX-Large / H: 78 x Ø: 78 cm

Material:

Lamp Shade Foil

Light Source:

Low-energy 9 Watt bulbs are recommended.

Cords and switches:

Norm 69 is a self-assembly lamp shade. Assembly manual included. Socket and cord are sold separately.

NORM 03

Norm 03 is a modern lampshade consisting of 39 pieces, which is easy to assemble without the need for any tools or glue. Two long foil strips fold in and out of each other in a snake-like pattern, creating, in their own way, order from chaos. The organic shape kindles memories of the sixties and when lit, Norm 03 provides a sculptural light effect on the wall.

Design by Britt Kornum

SPECIFICATIONS

Size:

Small / H: 32 x Ø: 53 cm
Large / H: 40 x Ø: 65 cm

Material:

Lamp Shade Foil

Light Source:

Low-energy 9 Watt bulbs are recommended.

Cords and switches:

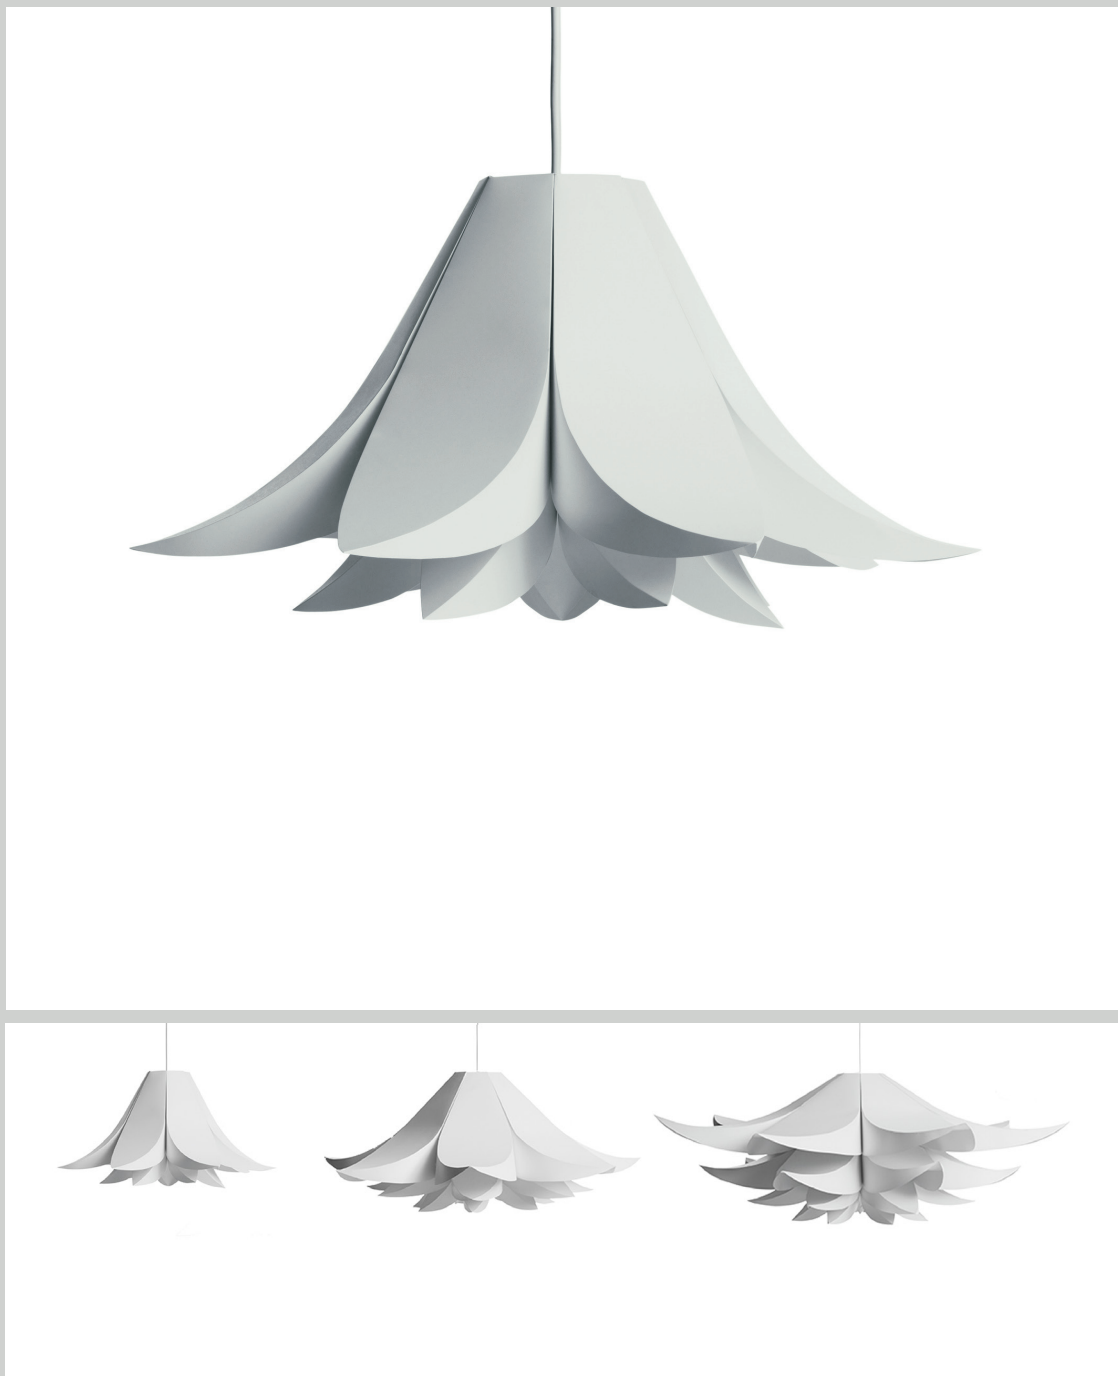

Norm 03 is a self-assembly lamp shade.
Assembly manual included.
Socket and cord are sold separately.

NORM 06

Norm 06 is a decorative self-assembly lampshade with poetic character. The design is inspired by flowers, in particular by lilies and water lilies. Norm 06 nicely follows the Danish design tradition for lampshades with its shielding of the bulb and the soft light.

Design by Simon Karkov

SPECIFICATIONS

Size:

Small / H: 24 x Ø: 43 cm
Medium / H: 30 x Ø: 62 cm
Large / H: 32 x Ø: 85 cm

Material:

Lamp Shade Foil

Light Source:

Low-energy 9 Watt bulbs are recommended.

Cords and switches:

Norm 06 is a self-assembly lamp shade. Assembly manual included. Socket and cord are sold separately.

NORM 12

The Norm 12, named after the year 2012 when the lamp was designed, is a self-assembly lamp in a soft and organic shape. Nature and flowers have been a constant source of inspiration for Simon Karkov and the resemblance to a flower is clear when looking at the Norm 12 lamp's curved, leaf-like components. Norm 12 spreads a mild and diffused light, which is dispersed through the lamp's rounded silhouette.

Design by Simon Karkov

SPECIFICATIONS

Size:

Large / H: 53 x Ø: 51 cm
X-Large / H: 63 x Ø: 60 cm

Light Source:

Low-energy 9 Watt bulbs are recommended.

Cords and switches:

Norm 12 is a self-assembly lamp shade.
Assembly manual included.
Socket and cord are sold separately.

Material:

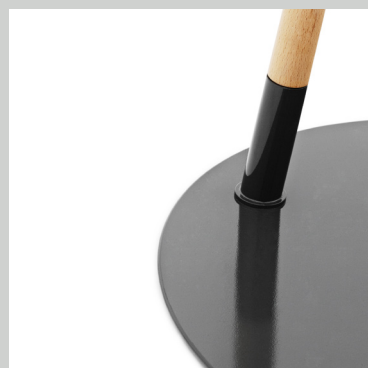

Lamp Shade Foil

HELLO

The Hello floor lamp has a futuristic expression with round forms of its shade and body giving the lamp personality and character. Hello's inner shade in acrylic reflects the light and creates a pleasant surrounding light. The body, made of beech, contrasts the steel shade and adds warmth to the floor lamp.

Design by Jonas Wagell

SPECIFICATIONS

Size:

H: 165 x Ø: 49 cm

Material:

Steel, Beech, Acrylic Diffuser

Light Source:

EU E27 (big socket).

Low-energy 9 Watt bulbs are recommended

Cords and switches:

Hello lamp is delivered with a 4 meter textile cord with a switch.

STAGE

A lively expression meets complete functionality in the Stage floor lamp. Stage is inspired by professional spotlights, as used in film production and photo shoots. A practical handle grows out of the tilting lampshade and the switch has been smoothly integrated on top of the shade, allowing the lamp to be turned on and positioned with just a single movement of the hand.

Design by Daniel Debiasi and Federico Sandri

SPECIFICATIONS

Size:

H: 122 x L: 41 x D: 36 cm

Material:

Powder Coated Metal

Light Source:

SMD 2835 LED chip (not replaceable).

Light source power: 11W.

Whole lamp power: 13W.

Input voltage: 100-240V.

LED part input: 15.1V DC 700mA.

Colour temperature: 2800-3200K.

LED life span: 30000hrs.

Cords and switches:

Stage lamp is delivered with a 2 meter textile cord in matching colors.

Switch is placed on the handle.

CAP

In spite of its simple, geometrical shape, Cap oozes with personality. The inspiration is drawn from the cartoon character Calimero, a charming little chicken with an eggshell on its head, which gave the idea for the large, semi-circular lampshade. The shade is rotatable, making it possible to direct the light. This makes Cap functional as a reading lamp, for spreading a lot of light, or to create a cozy lighting atmosphere.

Design by KaschKasch

SPECIFICATIONS

Size:

H: 50 x Ø: 28 cm

Material:

Steel

Light Source:

EU E27 (big socket).

Provided with a 42 Watt globe halogen bulb (energy class D).

Cords and switches:

Cap lamp is delivered with a 2 meter textile cord in matching colors with a switch.

ACROBAT

French designer Marc Venot has created an innovative table lamp that can be placed both vertically and horizontally in a vast number of positions. The intelligent design consists of two parts: a cone-shaped base and an oblong LED light source that are held together by magnets only. This allows Acrobat to adopt almost magical positions. The transparent front has a matt finish enabling Acrobat to spread a soft, diffused light.

Design by Marc Venot

SPECIFICATIONS

Size:

H: 16,5 x L: 44,4 x D: 6 cm

Material:

Plastic, Magnetic Base, Acrylic Diffuser with Magnet

Light Source:

6,5 Watt LED (included).
Power: 6.5W.
Light output: 455lm.
Color temperature: 2800K-3200K.
Ra > 80.
LED life span: 30000hrs.
Energy efficiency class: A.

Cords and switches:

Acrobat lamp is delivered with a 2 meter textile cord in matching colors with a switch.

SHELTER

Shelter is a simple, characterful table lamp that emits a cozy light onto its surroundings. The conical shape of its base and the rounded shade produce a soft feel, adding a delightful contrast to the clean lines of the lamp. The white inner side of the shade provides a reflective effect while its wide, curved shape goes to direct the light, making it pleasant and anti-dazzling.

Design by HolmbäckNordentoft

SPECIFICATIONS

Size:

H: 41 x Ø: 41 cm

Material:

Steel

Light Source:

EU E27 (big socket),
9 Watt low-energy bulbs are
recommended.

Cords and switches:

Shelter lamp is delivered with a 2 meter
textile cord in matching colors with a
switch.

MOMENTO

The Momento table lamp is the designers Daniel Debiasi and Federico Sandri's idea of a new and simplified version of the classic office lamp. In Momento's design, the typical technical office lamp details have been replaced by an elegantly balanced architecture, which is easy to adjust to the lighting need of the moment.

Design by Daniel Debiasi and Federico Sandri

SPECIFICATIONS

Size:

H: 44 x L: 51 x D: 16,5 cm

Material:

Powder Coated Metal

Light Source:

SMD 2835 LED chip (not replaceable).

Light source power: 5.5W

Whole lamp power: 7W.

Input voltage: 100-240V.

LED part input: 15.1V DC 350mA.

Color temperature: 2800-3200K.

LED life span: 30000hrs.

Cords and switches:

Momento lamp is delivered with a 2 meter textile cord in matching colors. Switch is placed on the lamp shade.

FLOW

Flow is a modular LED table lamp with flexible positioning. The Flow table lamp has a simple and flowing design, in which all of the lamp's parts grow smoothly into each other, just like the branches on a tree. Flow is ideal as a work lamp in the home or in professional office environments, where the sculptural design provides optimum flexibility in lighting even large desks.

Design by Andreas Kowalewski

SPECIFICATIONS

Size:

H: 42 x L: 58 x D: 16 cm

Material:

Powder Coated Metal

Light Source:

SMD 2835 LED chip (not replaceable).

Light source power: 5W

Whole lamp power: 6.8W.

Input voltage: 100-240V.

LED part input: 15.1V DC 350mA.

Color temperature: 2800-3200K.

LED life span: 30000hrs.

Cords and switches:

Flow lamp is delivered with a 2 meter textile cord in matching colors.

RISE

Rise is an uncomplicated and versatile wall lamp. Strict lines are gently softened by stumpy sections, creating an attractive blend of a minimalistic design and a friendly appearance. The lamp consists of a base and a cylindrical shade, which are held together by a turning joint, making it possible to rotate the shade around the base to adjust the direction of the light. Rise is a wall lamp that is appealing in all its simplicity.

Design by Marianne Andersen

SPECIFICATIONS

Size:

H: 9,7 x L: 17 x Ø: 10 cm

Material:

Powder Coated Metal, Ash Wood

Light Source:

EU E14 (small socket).

0,5W bulbs (LED) are recommended.

Cords and switches:

Rise is delivered with a 2 meter white textile cord with a switch.
